RESULTS AND CONFIRMATION

- The results shall be sent on the date mentioned in the *Admission Periods* section (p.4). Applicants shall receive, by SMS and by email, a student identification number and a password that will allow them to validate their choice and to print out the corresponding confirmation fee stub; the admission shall be confirmed upon settlement of this stub within the indicated deadlines. This payment can also be made online on the student website <https://etudiant.usj.edu.lb>. After the deadline, the unconfirmed admission will be canceled.
- It is possible to be admitted to all the selected programs except those governed by the Joint Selection Board, which include the following institutions:

| Joint Selection Boards | Early Admission | Regular Admission |
|--------------------------------|---|---|
| Board 1 (file-based admission) | FP, IPHY, ESF, ETLAM, FSI, ESIB, ESAR, INCI, ESIA, ESIAM and FS | ETLAM, IPHY, ESF, FSI, ESIB, ESAR, INCI, ESIA, ESIAM and FS |
| Board 2 (exam-based admission) | FM, FMD, IPM, ISO and IET | FP, IPM, ISO and IET |

Each joint selection board generates a single admission for each applicant based on the order of priority established by the latter, and their file or entrance exam scores.

- You may reapply each term by visiting the submission office or online at no additional cost if you are not satisfied with your result. If you are admitted to a Joint Selection Board program and you renew your application by applying to another program of the same joint selection board, you will forfeit the admission you would have already obtained by signing the corresponding letter of withdrawal.

N.B.: The confirmation fee is only refundable in case the candidate does not obtain their Baccalaureate degree and/or in case they have not met the French or English Placement Test requirements.

PROVISIONS FOR JOINT SELECTION BOARDS

Candidates who have applied to two or more programs on the same Joint Selection Board and who have been admitted to one of these choices may request, within 30 days of the publication of the results, to switch to a lower priority choice. If their weighted average permits, they may then obtain a new admission that would replace the old one, since they can only retain one admission within a Joint Selection Board.

N.B.: The provisions of the joint selection board only apply to the early and regular admission periods.

File-Based Selection Admission

International candidates who apply for Admission for International Candidates are allocated a quota of spots set by the institution in question.

Entrance Exam-Based Admission

International candidates who apply for an Entrance Exam-Based Admission have a quota of spots set by the institution in question. The exam curriculum is the same as that of the Regular Admission.

Title-Based Admission

Candidates who have obtained an overall average of 17/20 or higher in the official 2025 French baccalaureate exams, may enroll in the institution of their choice, provided that the specialties of the baccalaureate correspond to the requirements of the chosen institution. They have until Thursday, August 14, 2025 to confirm their choice and present a certified copy of the diploma with the grade certificate.

Special Provisions for Lebanese Candidates Living Abroad

I, the undersigned,

declare that :

- I have read the provisions concerning the «Test d'aptitude en langue française» and the «English Placement Test» in the article 6 of the Internal Regulations of Study stating the following:

b- Conditions of sufficient knowledge of the French language: Prior to every registration for the first cycle, the candidate must have been classified in « A » category at the aptitude test in French language. However, the candidate who is classified in « B » category at this test is authorized to undertake a provisional registration in some institutions. As soon as he is registered and during the first year of his path, he shall attend mandatory courses of upgrading in French language, which replace an elective open TU of three credits.

These TUs are provided by the Faculty of languages of the USJ in three successive sessions at the first semester, at the second semester as well as at the summer semester. An « A » level test is organized at the end of each session. The student who passes this test validates the three credits; his registration becomes thus final and he can then continue his studies. The student who has not passed at the first session can register at the second session; in case of failure at this last session, he can register for the summer session. The student who does not pass this test, after the three sessions, shall not be able to renew his registration. The institutions may, in their « Proper provisions » of the Internal regulations of studies, expand the requirement of Level « A » to any first registration for the higher cycles.

d- Conditions of sufficient knowledge of English language In order to obtain the degree of the first cycle, the student who is classified as « A » category at the English Placement Test or who has passed from « E », « D », « C » or « B » to « A » category must pass the TU of the corresponding level (level « A »), on one hand, and submit to the Proficiency Test of Saint Louis University, on the other hand.

e- English proficiency requirements for programs taught in English

Prior to registering in the Bachelor, applicants must have been placed at least in category “B” on the English Placement Test (TALA) or have obtained a TOEFL score equivalent to 80 or more (Internet-based) or 548 or more (paper-based) or an IELTS score of 6.5 or more.

In case I got accepted I can't be registered in my major before having been classified in the required category at the aptitude test in French language or the English Placement Test.

The Admissions Directorate (admission@usj.edu.lb) shall record all information collected from this form, on a computerized file in order to create the student's academic file on the Saint Joseph University (USJ) information system and on USJ's Alumni platform "AlumniUSJ.org".
