

UNIVERSITY CENTER FOR PSYCHOLOGICAL SUPPORT

The University Center for Psychological Support (CUSP), which is affiliated to the Department of Psychology of the Faculty of Humanities (FLSH), has a dual mission: training students in the field of psychology and providing psychological services to the Lebanese population. It aims to consolidate students' training by encouraging them to take an interest in the world around them.

The Center is adapted to the needs and expectations of the Lebanese civil society, and operates with second year Master level psychology students, supervised by instructors from the Department of Psychology.

The Center is located on the Medical Sciences Campus.
