

RESULTS AND CONFIRMATION

- The results shall be sent on the date mentioned in the Admission Periods section. Candidates shall receive, by SMS and by email, a student identification number and a password that will allow them to validate their choice and to print out the corresponding confirmation fee stub; the admission shall be confirmed upon settlement of this stub within the indicated deadlines. This payment can also be made online on the student website <https://etudiant.usj.edu.lb>

After the deadline, the unconfirmed admission will be canceled.

- It is possible to be admitted to all the selected programs except those governed by the joint selection boards, which include the following institutions:

Joint Selection Boards	Early Admission	Regular Admission
Board 1 (file-based admission)	FP, ETLAM, IPHY, ESF, FSI, ESIB, ESAR, INCI, ESIA, ESIAM and FS	ETLAM, IPHY, ESF, FSI, ESIB, ESAR, INCI, ESIA, ESIAM and FS
Board 2 (exam-based admission)	FM, FMD, IPM, ISO and IET	FP, IPM, ISO and IET

Each joint selection board generates a single admission for each candidate, based on their order of priority and their file or entrance exam scores.

- You may reapply each term by visiting the submission office or online at no additional cost if you are not satisfied with your result.

N.B.: The confirmation fee is only refundable in case candidates do not obtain their Baccalaureate degree and/or fail to meet the French or English Placement Tests requirements.

Provisions of the joint selection boards

Candidates who have applied to two or more programs within the same Joint Selection Board and who have been admitted to one of them may request, within 30 days of results' publication, to switch to a lower priority choice. If their weighted average allows it, they may then obtain a new admission that would replace the old one, since they can only retain one admission within a joint selection board.

N.B.: The provisions of the joint selection board only apply to the early and regular admission periods.
