

Let's Stay Informed!

The safety and information of our Community is a top priority.

In these uncertain times, we are well aware of our Community's concerns about safety and information. To ensure that we keep you as well informed as possible, we would like to remind you of our various means and channels of communication:

Email

The General Secretariat sends official emails to the USJ Community.

WhatsApp

The General Secretariat broadcasts information via various WhatsApp groups (Rectorate, Campuses, etc.).
Information flows in a chain and needs to be shared (within institutions, departments, students, etc.).

The Student Life Office shares information on student WhatsApp groups.

Join the group that applies in your case (please refer to your institution or campus administration to find out which groups are available).

Com Relays

Each Institution will appoint a "Com Relay" whose role is to share information with members of their Institution.
If you have not already done so, we encourage you to create WhatsApp groups by entity (Institution/Campus) so that crucial information can be rapidly disseminated by the "Com Relays".

Helpline

If the Internet is unavailable, call 01-421888. An answering machine will provide you with the necessary information, such as the University being closed or security guidelines.
