

## Teaching Diploma (TD)

2022-2023

### 1. Competencies Framework

*Upon the completion of the teaching diploma program, learners will have enhanced their teaching and pedagogical skills in formal and non-formal education. TD graduates will have developed their professional competencies. The exit profile of a typical graduate is based on the following program-level outcomes:*

- Provide holistic support for learners using a humanistic approach.
- Facilitate innovative teaching and pedagogical strategies according to the latest trends in education.
- Consolidate expertise in teaching and pedagogy.
- Meet the emerging needs of the professional field, in terms of teaching and learning.

### 2. Program Requirements (60 European credits)
