Module 5: Resilience capacities in times of uncertainty (6 hours)

It has been a few months since Lebanon and the world are facing COVID19- and all the economic and financial burdens that preceded and followed the pandemic. In order to support you in this time of adversity, Saint Joseph University is offering you the opportunity to attend this five-hour course with Dr. Maryse HAYEK, a clinical psychologist and psychotherapist.

Learning outcomes:

Participants will be able to:

- Understand resilience
- Identify the personal variables that contribute to a person's resilience
- Learn self-awareness and self-regulation skills
- Incorporate resilience interventions into personal and professional life

 **Dates : April 22 & 23 of 2021** | 5:00 pm to 8:00 pm

 **Cost : 450 000 L.L. or 115\$**

Dr Maryse Hayek

Clinical psychologist and psychotherapist, specialized in addiction disorders.

Lecturer and assistant professor at Saint Joseph University and Lebanese University.

Author of many publications on memory disorders and cognitive functions. Expert at the Professional Training Center (CFP) of Université Saint Joseph de Beyrouth.

Module 6: Diversity and Inclusion (6 hours)

There is an established strong correlation in organizational research between inclusion practices and positive behavior related to better organizational health and better business performance. However, the transition to remote-working norms and workplace-automation trends in a crisis situation may deeply threaten the applicability of Gender equity policies. In a period of heightened uncertainty, biases are amplified and serve as mechanisms of self-preservation during crisis. Employees' expectations and needs may vary and are contingent upon the background and experience of each. Leaders are called to address those needs and to reimagine ways of organization and collaboration to navigate a viable path toward a more inclusive workplace.

Learning outcomes:

Participants will be able to:

- Integrate the concepts of gender equity in the workplace
- Value inclusive leadership as a new approach to leading in crisis
- Develop inclusive practices in organizations to unlock the power of diversity for improved business performance

 **Dates : May 5 & 7, 2021** | 5:00 pm to 8:00 pm

 **Cost :** 450 000 L.L. or 115\$

Dr Ghada Haddad

Assistant Professor of Leadership and Organizational Behavior. She was an English teacher and the head of the English Department at MLS (Mont La Salle) School in Lebanon for 15 years. Since 2013 she has been teaching in France in Business schools; such as INSEEC (Bordeaux), MBWAY (Paris), EGC (Tarbes), Paul Sabathier (Toulouse and Tarbes) and ICD (Toulouse). Currently, she is an Assistant Professor of Leadership and Organizational Behavior at ESC Pau Business School in France. Experienced professor in leadership, intercultural leadership and management, sustainable leadership, leading change, performance management, organizational behavior, international human resources management, competency based training and professional learning communities. Her research interests extend to interculturality in leadership and leadership for sustainability and inclusion in SMEs. She communicates in multicultural contexts and fluent in 3 languages: English, French and Arabic. Expert at the Professional Training Center (CFP) of Université Saint Joseph de Beyrouth.

Module 7: Mental Health in the Business World (3 hours)

The aim of this intervention is to rediscover the importance of mental health as an essential determinant of health that can contribute to the improvement of the tasks and performance of any person in a position of responsibility. In addition, developing mental health among its employees actively contributes to their full development within their company.

Learning outcomes:

Participants will be able to:

- Rediscovering the determinants of good mental health in the workplace
- Recovering the role of substances at work
- Improving the performance of tasks at work
- Improving the well-being of employees

 **Dates : May 18, 2021** | 5:00 pm to 8:00 pm

 **Cost :** 225 000 L.L. or 58\$

Dr Sami Richa

Dr. Sami Richa is a Professor of Psychiatry - Faculty of Medicine, Saint Joseph University
Head of Department - Hôtel-Dieu de France
President of the Lebanese Psychiatric Society
Doctor and HDR in Bioethics
Chairman of the Ethics Committee of the Hôtel-Dieu de France
Member of the Lebanese National Ethics Advisory Committee
Expert at the Professional Training Center (CFP) of Université Saint Joseph de Beyrouth

Module 8: Leading digital transformation and innovation (3 hours)

The course objective is to help participants to understand the impact of digital technologies on companies: on their strategies, structure, culture, people and mainly on how to organize innovation. This course is designed to allow the participants to reflect upon their own companies and businesses, apply, and test some of the acquired knowledge and skills in order to set a roadmap for a digital transformation journey. The second aspect of this course will get the participants familiar with the lean startup methodology for innovation.

Learning outcomes:

Participants will be able to:

- Have an overview over the main dimensions of their organization (strategy, structure, culture, and Innovation management) and know how digital transformation is affecting these dimensions.
- Develop an understanding of how to assess the impact of digital trends on companies (customers, Competitors, employees)
- Understand how digital technologies are leveraged to enhance companies' performance
- Understand the Lean Startup Methodology for Innovation

 **Dates** : May 28, 2021 | 5:00 pm to 8:00 pm

 **Cost** : 225 000 L.L. or 58\$

Jocelyne holds a Computer and Communications Engineering Degree from ESIB-USJ and enrolling an EMBA at ESA and ESCP Business Schools. Jocelyne is married with 2 children, Lynn and Carl. Expert at the Professional Training Center (CFP) of Université Saint Joseph de Beyrouth.

Module 9: Innovative approaches in Branding & Marketing (3 hours)

The aim of this lecture is to introduce the participants to the notion of brand meaning. Therefore, we consider brands from a consumer culture perspective. Through this perspective, consumption becomes meaning-based and brands are consumed as symbolic resources for the construction and maintenance of consumers' identity.

Learning outcomes:

Participants will be able to:

- Understand what a brand is (and is not), as well as the differences between products and brands. We introduce brand engram to understand how brands exist in our minds.
- Understand why consumers seek meanings for brands and how they perceive brands: self symbolism and social symbolism perspectives.
- Understand the contributions of psychologists, mythologists, semioticians and linguists in findings meanings in brands.
- The way information is received and processed by consumers is discussed and the different dimensions of brand meaning are explored, including brand experience, brand heritage, logos, names and design.
- Understand the central role of brand meaning in brand strategy.

 **Dates :** June 14 of 2021 | 5:00 pm to 8:00 pm

 **Cost :** 225 000 L.L. or 58\$

Dr Salim Azar
