

Student Mobility Regulation

Outgoing Mobility: Specific Provisions of ESIB

The present document is an addendum to the University regulations, Document 056P, on USJ International Student Mobility (Outbound Mobility /Out) and the International Student Mobility at USJ (Inbound / Inbound Mobility). It concerns ESIB's specific rules relating to outgoing mobility.

1. The student enrolled in the Major Engineering Classes cannot benefit from an outgoing mobility stay before having earned at least 120 ECTS credits in the Major Engineering Classes; in addition, a Transfer student must earn 150 ECTS credits of the Major Engineering Classes at ESIB.
 2. Any request for mobility should be accompanied by a letter of motivation with the approval of the advisor and the Head of Department.
