

Student Mobility Regulation

Outgoing Mobility: Specific Provisions of ESIB

The present document serves as an addendum to the University regulations, Document 056P, on USJ International Student Mobility (Outbound Mobility / Out) and International Student Mobility at USJ (Inbound Mobility / In). It outlines ESIB's specific rules regarding outgoing mobility.

1. A student is eligible for an outgoing mobility stay only after earning a minimum of 120 ECTS credits in Major Engineering Classes. Additionally, a Transfer student must accumulate 150 ECTS credits in their Engineering program at ESIB.
 2. Any request for mobility must include a motivation letter approved by the student's advisor and their Head of Department.
