SECOND ANNOUNCEMENT

Under the patronage of the **faculty of dental medicine**
SAINT JOSEPH UNIVERSITY, 7th international meeting of SENAME

Mediterranean Society of Implantology and Modern Dentistry

Campus of Medical Sciences,
Saint Joseph University, Beirut - Lebanon

October 28-30, 2010

“**State of the Art in Implantology
& Modern Dentistry**”

In collaboration with:

University of Naples Federico II - BioCRA (Biomaterials and clinical research association) - SICO (Italian Society of Oral Surgery)

Dear Colleagues,

It is with great pleasure that we announce the **7th SENAME international dental meeting**, which will be held in Beirut, under the patronage of the Faculty of Dental Medicine, Saint Joseph University, from October 28 till October 30, 2010.

For many years, SENAME's annual session has been leaving its marks on the scientific calendar of Mediterranean dentistry. This year, and under the theme "State of the Art in Implantology and Modern Dentistry", we will gather global leaders in oral implantology who will share their clinical expertise in surgical practice, as well as recent advancements in research, academics and overall industry.

Oral presentations, live transmissions, Junior Podium and pre-meeting courses will further complete and enrich the program.

We are proud to announce that our meeting this year will have an international reach. Various regional and Mediterranean delegations have already confirmed their active participation in this event.

On another note, we want to make sure that SENAME 2010 will be an opportunity for our invitees to visit Lebanon and experience its breath-taking landscapes, its majestic historical and archaeological sites and its unique, mixed and vibrant culture. A comprehensive touristic and social program is planned to accommodate accompanying persons.

We look forward to welcoming you in Beirut !

Prof Nada Naaman
Honorary President

Prof Gilberto Sammartino
President

Organization committee

Christian MAKARY (LEB), *Chairperson*
Ahmed OSMAN (EGY), *Secretary*
Alain SIMONPIERI (FRA)
Arzu DEMIRCIOLU (TUR)
Faten BENAMOR (TUN)
Jaafar MOUHYI (MOR)
Joseph BASSIL (LEB)
Kosta VALAVANIS (GRE)
Marwan QASEM (PAL)
Nadim MOKBEL (LEB)

Scientific advisory board

Antoine KHOURY (LEB)
Fawzi RIACHI (LEB)
Georges TAWIL (LEB)
Giuseppe CARDARAPOLI (ITA)
Henry SALAMA (USA)
Massimo SIMION (ITA)
Morton PEREL (USA)
Nabih BADAWI (LEB)
Paolo TRISI (ITA)

Time	Friday October 29	Saturday October 30
9:00	Opening Ceremony	L. Oualha (TUN): Post -surgical prescriptions in oral medicine and surgery: What is new?
9:30	M. Sammartino (ITA) - D. Scopelliti (ITA) Operation smile	A. Osman (EGY): Assessment of non-computerized surgical stents: A clinical approach
10:00	H. Salama (USA): Hard and soft tissue augmentation in esthetic and implant therapy	M. Qasem (PAL): Use of screw-type bone expanders for placement of endosseous implants: A simple technique
10:30		F. Benamor (TUN): Oral implant surgery and mental foramina
11:00	Coffee break	
11:30	G. Sammartino (ITA): Pre-implant reconstruction related to esthetic aspects	J. Mouhyi (MOR): The Peri-implantitis: Is there any treatment for this new Oral / Osseous pathology ?
12:00	P. Trisi (ITA): Implant stability: From science to treatment planning	A. Rebaudi (ITA): Implant site preparation using Piezosurgery in standard and challenging cases
12:30	G. Cardaropoli (ITA): Immediate implant placement: Indications, contraindications and complications	G. Tawil (LEB): Recent advances in sinus floor elevation. Their impact on the science and practice of this surgical procedure
1:00	Lunch	
2:30	F. Fontana (ITA): The use of non resorbable membranes for horizontal and vertical ridge augmentation	K. Valavanis (GRE): Peri-implant tissue design: Key factors for optimum aesthetics
3:00	A. Simonpieri (FRA): Immediate loading: Bone and gingival evolution during the time	N. Badawi (LEB): Immediate implant placement in the posterior regions
3:30	A. Demircioglu (TUR): Aesthetic approaches in the anterior region with the use of platform switching implants	A. Ordonnez (USA): Cone Beam CT: «The plan is done before the scan»
4:00	S. Palmieri (ITA): TIXOS: Revolution in modern implantology	F. Riachi (LEB): Implant survival in grafted sinuses: A clinical study
4:30	Coffee break	
5:00	A. Ahangari (IRA): CAD/CAM assisted restorations in implant dentistry	M. Salama (USA) - H. Salama (USA): Sinus lift surgery (live from Atlanta)
5:30	M. Mignogna (ITA): Clinical management of premalignant oral lesions	
6:00	V. Bruno (ITA): Implant prosthetics: Recent updates	
6:30	A. Michelotti (ITA) - R. Martina (ITA) Class II: Diagnosis and treatment according to modern esthetic goals	Closing ceremony

Precongress Course - Leader Novaxa
Dr Stefano Palmieri (ITA)
Thursday 28 October 2:30 - 7:00

Junior Podium
Friday 29 October 4:00 - 7:00 Hall-B
