**Bouge pour  
que ça bouge !**

## *USJ Political Science students have their finger on the pulse!*

They toured over 120 villages from Wadi Khaled to Marjeyoun, from Beirut's many neighbourhoods to Chebaa and Ersal.

### **1800 surveys...**

- How are Lebanese public policies towards Syrians affecting people's daily habits and their livelihoods?
- How is the refugees crisis affecting citizens' lives?
- What are the perceptions on both sides?
