Student permit & visa process

Non EU students: Please check with the appropriate French Embassy or Consulate in your home country for information about how to apply for a student visa, and consult the Campus France website for more information.

Orientation

During the whole year, meetings and social activities are organized specifically for our international students, in order to give them essential information regarding registration, but also to help them settle in their new life in Aix-en-Provence.

The International Club will mainly take care of the informal orientation, ruled by a motivated board of students. Sciences Po Aix also organizes an integration week with intensive French courses and various activities at the end of August every year.
