Saint Joseph University of Beirut
Faculty of Languages and Translation
School of Translators and Interpreters of Beirut

PROFESSIONAL TRAINING FOR ORGANIZATIONS

LANGUAGE • COMMUNICATION • TECHNOLOGY

Equip your teams to communicate across languages and technologies

Practical training designed around your organization's goals,
your team's needs and the challenges of today's multilingual workplace.

MULTILINGUAL SERVICES

Translation, revision and localization
Create clear, accurate content for different audiences and markets.

Conference and community interpreting
Strengthen communication across languages and professional settings.

Terminology management and language quality
Improve consistency, accuracy and quality across multilingual content.

WORKPLACE COMMUNICATION

Professional writing and plain language
Make written communication clear, effective and accessible.

Presentations and public speaking
Help your team communicate ideas with confidence and impact.

Intercultural communication and collaboration
Build understanding and cooperation across cultures.

AI AND LANGUAGE TECHNOLOGY

Generative AI and large language models
Understand how these tools can support language and communication tasks.

AI-assisted workflows and responsible post-editing
Use AI tools thoughtfully while maintaining human oversight and quality.

Sector-specific programs
Training tailored to legal, financial, institutional and other professional contexts.

TRAINING DESIGNED AROUND YOUR TEAM'S NEEDS

Tell us what your organization needs.
ETIB will shape a program around your goals.
